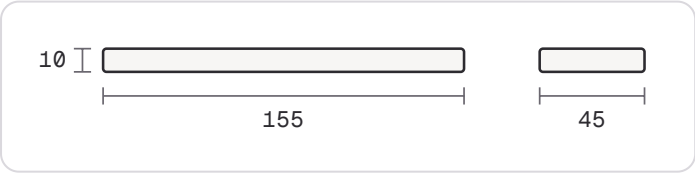
SMART CONTROL
ZigBee, Bluetooth control.

The SMART ZigBee remote control allows you to adjust the brightness and color temperature of luminaires connected to the track system. The device features 8 buttons that can be assigned to individual groups of luminaires or preset scenes, providing convenient and flexible lighting control.

OVERALL DIMENSIONS, MM



PART OF DENKIRS SMART

220 V, no driver

The track connects straight to the mains. No driver to size, no transformer to hide.

Four installation types

Surface, suspended, recessed in plasterboard — or SMART ONE for stretch ceilings.

Pairing, not wiring

Remotes, wall panels and the app connect over Bluetooth, Wi-Fi or Zigbee — no control cables to run.
