SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

| Product code | : 1130062 |
|--------------|---|
| Trade name | : LA LMM-6000SPRAY GSLA_LMM-6000 Black Aerosol Spray Can |

1.2 Relevant identified uses of the substance or mixture and uses advised against

| Use of the Sub- | : Decorative coating |
|-----------------|----------------------|
| stance/Mixture | _ |

1.3 Details of the supplier of the safety data sheet

| Company Telephone | : Ferro GmbH Gutleutstraße 215 60327 Frankfurt am Main : +4969271160 |
|---|---|
| relephone | . +4909271100 |
| Telefax E-mail address Responsi- ble/issuing person | : +496927116333 : sdb@ferro.com |

1.4 Emergency telephone number

| In-Country Number | : +(44)-870-8200418 |
|------------------------|-----------------------------------|
| CHEMTREC Global Number | : +(1)-703-527-3887 (Call Collect |

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

| Classification (REGULATION (EC) No 1272/2008) | | | |
|---|---|--|--|
| Aerosols, Category 1 | H222: Extremely flammable aerosol. H229: Pressurised container: May burst if heated. | | |
| Eye irritation, Category 2 | H319: Causes serious eye irritation. | | |
| Carcinogenicity, Category 2 | H351: Suspected of causing cancer. | | |
| Specific target organ toxicity - single ex- posure, Category 3, Respiratory system | H335: May cause respiratory irritation. | | |

2.2 Label elements

Labelling (REGULATION (EC) No 1272/2008)

According to (EC) No. 1907/2006, as amended

| Hazard pictograms | : | | | ! |
| Signal word | : | Danger | | |
| Hazard statements | : | H222 | Extrer | nely flammable aerosol. |
| | | H229 | | urised container: May burst if |
| | | H319 | Cause | es serious eye irritation. |
| | | H335 | | ause respiratory irritation. |
| | | H351 | Suspe | ected of causing cancer. |
| Precautionary state | ments : | Prevention: | | |
| ····· | | P201 | Obtair use. | n special instructions before |
| | | P210 | sparks | away from heat, hot surfaces, s, open flames and other igni- ources. No smoking. |
| | | P211 | Do no | t spray on an open flame or ignition source. |
| | | P251 | | t pierce or burn, even after |
| | | P280 | Wear clothir | protective gloves/ protective ng/ eye protection/ face protec- learing protection. |
| | | Storage: | | |
| | | P410 + P41: | | ect from sunlight. Do not expose mperatures exceeding 50 °C/ °F. |

Hazardous components which must be listed on the label:

Molybdenum(VI) oxide ammonium metavanadate

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

SECTION 4: First aid measures

4.1 Description of first aid measures General advice Do not leave the victim unattended. : Move out of dangerous area. Show this safety data sheet to the doctor in attendance. If inhaled : If unconscious, place in recovery position and seek medical advice. Keep respiratory tract clear. In case of skin contact Wash off immediately with soap and plenty of water while : removing all contaminated clothes and shoes. If skin irritation persists, call a physician. In case of eye contact 2 Immediately flush eye(s) with plenty of water. Remove contact lenses. Protect unharmed eye. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist. If swallowed Rinse mouth immediately with plenty of water and seek medi-1 cal advice. Keep respiratory tract clear. Do NOT induce vomiting. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician. Take victim immediately to hospital.

4.2 Most important symptoms and effects, both acute and delayed

| Risks | : Causes serious eye irritation. |
|-------|-----------------------------------|
| | May cause respiratory irritation. |
| | Suspected of causing cancer. |

4.3 Indication of any immediate medical attention and special treatment needed

| Treatment | : Treat symptomatically. |
|-----------|--------------------------|
|-----------|--------------------------|

SECTION 5: Firefighting measures

5.1 Extinguishing media

| Suitable extinguishing media | : | Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical |
|------------------------------|---|--|
| Unsuitable extinguishing | : | High volume water jet |

media

| | | | | | |

5.2 Special hazards arising from the substance or mixture

Hazardous combustion prod- : No hazardous combustion products are known ucts

5.3 Advice for firefighters

| Special protective equipment for firefighters | : | In the event of fire, wear self-contained breathing apparatus. |
|---|---|---|
| Further information | : | Use a water spray to cool fully closed containers. For safety reasons in case of fire, cans should be stored sepa- rately in closed containments. |

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

| Personal precautions | Beware of vapours accumulating to form explosive concentra- tions. Vapours can accumulate in low areas. Use personal protective equipment. Ensure adequate ventilation. Remove all sources of ignition. Evacuate personnel to safe areas. |
|----------------------|---|
|----------------------|---|

6.2 Environmental precautions

| Environmental precautions | : | Prevent product from entering drains. |
|---------------------------|---|---|
| | | Prevent further leakage or spillage if safe to do so. |
| | | If the product contaminates rivers and lakes or drains inform |
| | | respective authorities. |

6.3 Methods and material for containment and cleaning up

| Methods for cleaning up | : | Clean contaminated floors and objects thoroughly while ob- |
|-------------------------|---|--|
| | | serving environmental regulations. |

6.4 Reference to other sections

For personal protection see section 8.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

| Advice on safe handling | : | Avoid release to the environment. Do not breathe vapours/dust. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the ap- plication area. Provide sufficient air exchange and/or exhaust in work rooms. Open drum carefully as content may be under pressure. Dispose of rinse water in accordance with local and national |

| 2-butoxyethanol | Fresh water | 8,8 mg/l |
| | Marine water | 0,88 mg/l |
| | Sewage treatment plant | 463 mg/l |
| | Fresh water sediment | 34,6 mg/kg dry weight (d.w.) |
| | Marine sediment | 3,46 mg/kg dry weight (d.w.) |
| | Soil | 2,33 mg/kg dry weight (d.w.) |

8.2 Exposure controls

Engineering measures

Handle only in a place equipped with local exhaust (or other appropriate exhaust).

Personal protective equipment

| Eye protection | Ensure that eyewash stations and safety showers are close to the workstation location. Tightly fitting safety goggles | |
|--------------------------|---|--|
| Hand protection | Wear protective gloves, for example: polyvinyl alcohol or nitrile-butyl-rubber gloves, or similar; Glove thickness: > 0.4 mm and Break Through time: > 480 minutes. The suitability for a specific workplace should be discussed with the pro- ducers of the protective gloves. Before removing gloves clean them with soap and water. | |
| Skin and body protection | Impervious clothing | |
| Respiratory protection | Use respiratory protection unless adequate local exhaust ven- tilation is provided or exposure assessment demonstrates that exposures are within recommended exposure guidelines. Equipment should conform to EN 143 | |
| Filter type | Particulates type (P) | |
| Protective measures | Wear suitable protective equipment. | |

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

| Physical state | : | aerosol |
|---------------------|---|-------------------|
| Colour | : | black |
| Odour | : | characteristic |
| Odour Threshold | : | No data available |
| Melting point/range | : | No data available |

SECTION 10: Stability and reactivity

10.1 Reactivity

No decomposition if stored and applied as directed.

10.2 Chemical stability

Stable under normal conditions.

10.3 Possibility of hazardous reactions

| Hazardous reactions | : | No decomposition if | stored and applied as directed. |
|---------------------|---|---------------------|---------------------------------|
| | | | |

Vapours may form explosive mixture with air.

10.4 Conditions to avoid

| Conditions to avoid | : Heat, flames and sparks. |
|---------------------|----------------------------|
|---------------------|----------------------------|

10.5 Incompatible materials

| Materials to avoid | : | Not applicable |
|--------------------|---|----------------|
|--------------------|---|----------------|

10.6 Hazardous decomposition products

Stable under normal conditions.

SECTION 11: Toxicological information

11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

Acute toxicity

Not classified based on available information.

SECTION 13: Disposal considerations

| 13.1 Waste treatment methods | |
|------------------------------|--|
| Product | Send to a licensed waste management company. Dispose of wastes in an approved waste disposal facility. Do not dispose of waste into sewer. Do not contaminate ponds, waterways or ditches with chemical or used container. |
| Contaminated packaging | Empty remaining contents. Dispose of as unused product. Empty containers should be taken to an approved waste han- dling site for recycling or disposal. Do not re-use empty containers. Do not burn, or use a cutting torch on, the empty drum. |

IMDG - International Maritime Dangerous Goods; IMO - International Maritime Organization; ISHL - Industrial Safety and Health Law (Japan); ISO - International Organisation for Standardization; KECI - Korea Existing Chemicals Inventory; LC50 - Lethal Concentration to 50 % of a test population; LD50 - Lethal Dose to 50% of a test population (Median Lethal Dose); MARPOL - International Convention for the Prevention of Pollution from Ships; n.o.s. - Not Otherwise Specified; NO(A)EC - No Observed (Adverse) Effect Concentration; NO(A)EL - No Observed (Adverse) Effect Level; NOELR - No Observable Effect Loading Rate; NZIoC - New Zealand Inventory of Chemicals; OECD - Organization for Economic Co-operation and Development; OPPTS - Office of Chemical Safety and Pollution Prevention; PBT - Persistent, Bioaccumulative and Toxic substance; PICCS - Philippines Inventory of Chemicals and Chemical Substances; (Q)SAR - (Quantitative) Structure Activity Relationship; REACH - Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals; RID - Regulations concerning the International Carriage of Dangerous Goods by Rail; SADT - Self-Accelerating Decomposition Temperature; SDS - Safety Data Sheet; SVHC - Substance of Very High Concern; TCSI - Taiwan Chemical Substance Inventory; TECI -Thailand Existing Chemicals Inventory; TRGS - Technical Rule for Hazardous Substances; TSCA - Toxic Substances Control Act (United States); UN - United Nations; vPvB - Very Persistent and Verv Bioaccumulative

Further information

| Classification of the mixtu | Classification procedure: | |
|-----------------------------|---------------------------|--------------------|
| Aerosol 1 | H222, H229 | Calculation method |
| Eye Irrit. 2 | H319 | Calculation method |
| Carc. 2 | H351 | Calculation method |
| STOT SE 3 | H335 | Calculation method |

Items where changes have been made to the previous version are highlighted in the body of this document by two vertical lines.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
