GLARE-FREE
The LEDs are recessed in the body, so the light does not dazzle.

Vibi - A series of recessed luminaires "under putty" with a replaceable lamp. The product is invisible on the ceiling. The recessed light source provides a high level of visual comfort and eliminates glare. The transition between the luminaire body and the ceiling is completely invisible due to the flush-mounted technology. Easy lamp replacement system. You can remove the lamp at any time and fix it back without damaging the fine finish.
