## **Why do we need to apply God's word into our lives?**

- ✚ The Bible is God's way of revealing himself to us. When we apply scripture to our lives, we move from simply having head knowledge towards also having heart knowledge of God's word. Anyone can read the Bible and think they know God but only those who ready by the Spirit's help and take his word to heart will truly know him.

## **5 Ways you can apply scripture to your life.**

### **DISCUSSION:**

#### **1. Believe what the word says**

-There's no point in reading the Bible if you don't plan to also believe it. When you read, make an effort to believe what it says. Sometimes it won't make sense. Sometimes it'll contradict what you previously believed. Sometimes you'll doubt. This is where you have the privilege of asking the Holy Spirit for help. He will open your eyes and help you to genuinely believe the words you are reading.

#### **2. Allow scripture to expose sin**

-Let God's word reveal sin in your life and then confess it and ask him to help you. God's word also purifies our hearts and leads us into sanctification. If the word is speaking to you, take it to heart.

#### **3. Pray about what you've read**

-Don't just read it, pray about it. Thank God for his word and pray that he would help you to live it out. You can also specifically pray using the words from the passage. This is known as praying scripture.

#### **4. Align your life with what the Bible says**

- Finally, apply scripture by aligning your life with what it says. Sometimes we read the Bible and notice that it contradicts our lifestyle. Something needs to change. Well, the Bible is infallible. So it's us that needs to be changed. Again, the Holy Spirit helps us with this. As the word convicts us of our sin and shortcomings, the Holy Spirit helps to transform us. But, we have to allow the Holy Spirit in so that he can do the work of changing us.

#### **5. Remember key truths from scripture**

-You can apply the Bible to your life by remembering key truths. Remember promises, principles, commandments, and prayers. Don't just read it, take it to heart and listen for what God might be saying to you through it.

- God's Word is a gleaming lamp to our feet that will guide us through the darkness of this fallen world and it is a shining light to brighten the pathway we take.
- Not only are there external difficulties and dangers to face in life's journey, but also there are internal failings and weaknesses that lurk deep within our soul which can cause us to walk away from our God.

- God's Word provides a sure foundation upon which to stand in a darkened world that is falling apart.
- Scripture is our secure guidebook to return us into a right relationship with the Lord when we abandon the road of righteousness or stray from the path of peace.

*When it comes to making decisions, it's often easy to ignore what this Bible verse tells us. It says the Bible is a lamp to guide our feet and a light for our path. This verse tells us that when we don't know what the right choice is, we should rely on God's word for help. God's word can be the answer to your questions. It can be the light to show you which path to take. The key is to spend time in God's word and get to know what God says. God's word will bring light and help you make the right decision.*

*If we spend time reading the Bible and getting to know Jesus, we find that often the decision we are to make seems much clearer. So the next time when you are faced with a tough decision, do what this Bible verse says. Spend some time in God's word and let it guide you into making good decisions.*

*The Word of God is an inextinguishable lamp to guide us along the right path, and it is a radiant light that vanishes the shadows of uncertainty, by illuminating the next step in this sin-soaked world.*

### **WORDS TO PONDER**

Hebrew 4:12, "the word of God is alive and active. The description of the Bible as "living" means that it has a vital power inherent to itself. Jesus likened the Word of God to seed in Mathew 13. Seed, like the Bible, is not dead, but living, and it has the ability to bring forth more life abundantly.
