

CORPORATE SOCIAL RESPONSIBILITY POLICY

1. PREAMBLE

“**CIVILIZATION**” in true sense means coming and working together for each other with the idea of benefiting the other. However, to keep pace with the changing environment the “civilization” seems to lose its true meaning. One should realize that the synergy is gained by coming together and not by staying isolated. The Ministry of Corporate Affairs (“MCA”) introduced the new concept Corporate Social Responsibility (“CSR”) in the Companies Act, 2013 with a view to bring back the true meaning of civilization. The organizations must understand the need of the hour that the Government cannot alone uplift the society as a whole and thus every organization must extend their hands for this noble cause.

The organization functions in the society, it is a part of it and it receives resources, man power; revenue; etc., from the society and it inherently becomes the responsibility of the organization to return to the society by giving what the society wants so that it can become a better place for the entire human race.

Prime Focus Technologies Limited (“the Company” or “PFT”) by this Policy anticipates working for the human civilization.

2. OBJECTIVE

CSR is strongly connected with the principles of Sustainability; an organization should make decisions based not only on financial factors, but also on the social and environmental consequences. Therefore, it is the core corporate responsibility of PFT to practice its corporate values through its commitment to grow in a socially and environmentally responsible way, while meeting the interests of its stakeholders.
