# Bharat Drive 4.0

A riglabs collective initiative | Zilicon Technologies Private Limited

## Bharat Drive 4.0

Bharat Drive 4.0 is an educational initiative conducted by Riglabs Collective, designed to introduce young minds to the exciting world of Industry 4.0. This transformative movement is characterized by the convergence of technologies such as artificial intelligence, internet of things, robotics, automation, big data, and more leading to a new era of manufacturing and business operations.

### Technology

BD4 will delivering, discussing and analyzing **Industry 4.0**, ideas, concepts and opportunities through demonstration, experience, learning & QA sessions.

### Why Join Us?

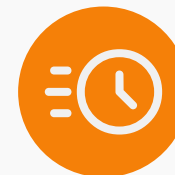

Be a part of this nationwide impact and exposure of the comprehensive coverage of Industry 4.0 concepts; Future-ready skills and opportunities for personal and professional growth. BD4 is not limited to just this, but more benefits are awaiting you.  
**For more details contact us.**

### Benefits of a Membership

Riglabs Collective platform connects students, institutes, universities, and corporates **across India**. Peers can share, receive notifications on events, job opportunities, internships, and more. They can also upskill and build their portfolios.

### Our Expectations

What we require is to establish a prominent presence within the institute, showcasing our expertise and contributions.
