OPD Date Time	31 Oct 2025 04:47 PM	**OPP Number**	WBKHEOPP30003033		

Diagnosis

Diagnosis	External lip, NOS (C00.2), Classical Hodgkin lymphoma, mixed cellularity, NOS (9652/3)		
System	Head and Neck	**Topography**	Lip
Type of Diagnosis	Final	**Initially diagnosed**	14 Oct 2025
Laterality	Right	**HP Grading**	Conventional
Tumors Marker	BRAF Mutation, High Expression Date - 21 Oct 2025	**Metastatic Site**	Brain,TEST
Tumor Type	Recurrent		

Histopathology Findings

A paragraph is a distinct section of writing, typically consisting of several sentences, that focuses on a single idea or topic. It is structured with a topic sentence that introduces the main idea, followed by supporting sentences that provide details, examples, or explanations. Paragraphs are used to organize writing, making it easier for readers to follow the author's thoughts

Plan of Care

1)	Treatment Plan	Medical Oncology
	Department	BREAST ONCOLOGY
	Expected Date of Admission	30 Oct 2025
	Expected Date of Discharge	31 Oct 2025
	Regimen Name	test
	Intent	Non-Metastatic
	Setting	Adjuvant
	Type of Systemic Therapy	Hormonal Therapy
	Total Dose	100
	Schedule	Weekly Once
	No of Cycle	6
	Current Cycle	2
	Pre-treatment workup	Yes
	Note	test 1
2)	Treatment Plan	Surgical Oncology
	Department	GI ONCOSURGERY
	Expected Date of Admission	31 Oct 2025
	Expected Date of Discharge	01 Nov 2025
	Procedure name	test
	Intent	Debulking/ Cytoreductive
	Pre-op Clearance	Pulmonologist, Cardiologist
	Pre-op work up	Yes
	Expected ICU days	11
	Expected ward days	11
	Total days	22
	Note	test 2
3)	Treatment Plan	Radiation Oncology
	Expected Date of Admission	30 Oct 2025
	Expected Date of Discharge	31 Oct 2025
	Intent	Neoadjuvant
	Site to Treat	test
	Technique	Adaptive RT
	Fractions	6
	Total Dose	100
	Dose per Fraction (Gy)	10
	Boost	Yes
	Immobilization device	Vacloc
