How to Use

In this packet, you will find:

- 6 different color by number activities, which each contain:
 - Student color by number worksheet
 - Student problems worksheet
 - Teacher color by number answer key

Preparing for use:

1. Choose which color by number activity you'd like to use.
2. Print one blank color by number worksheet for each student and one problems worksheet for each student.
3. Print one teacher answer key for yourself, if you'd like.

Instructions for completion:

1. Each square to be colored on the color by number worksheet contains a number. That number corresponds to the solution of one of the problems on the problems worksheet.
2. Students color in each square, according to the color code provided on the problems worksheet.
3. After all of the squares have been colored, a picture will be revealed.
