

Getting started with
WooCommerce Trustpay Gateway

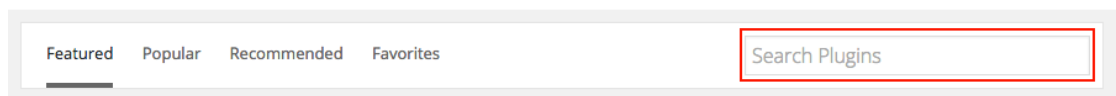

Installing plugin.....	3
Installing plugin using WordPress plugin installer.....	3
Installing plugin using FTP/sFTP	3
Configuring WooCommerce Trustpay Gateway	5

Installing plugin

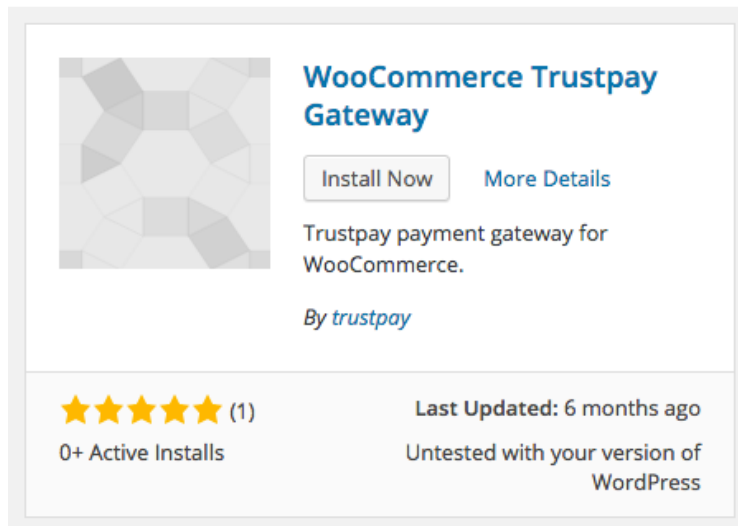

There are two ways to install WooCommerce Trustpay Gateway plugin for WordPress. Before you begin make sure you already have WooCommerce installed and working.

Installing plugin using WordPress plugin installer

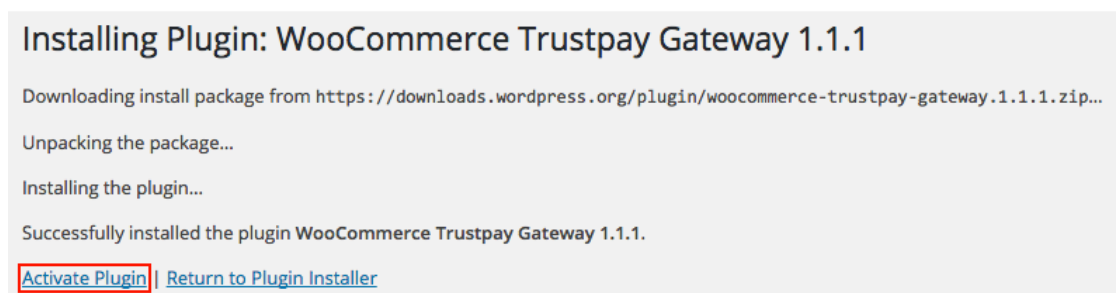

1. Login into your WordPress dashboard (<http://yourdomain.com/wp-admin/>).
2. From admin dashboard select Plugins -> Add New.
3. In search box (see the illustration below) enter “trustpay” (without quotes) and hit enter on your keyboard.

4. In the search results find WooCommerce Trustpay Gateway.

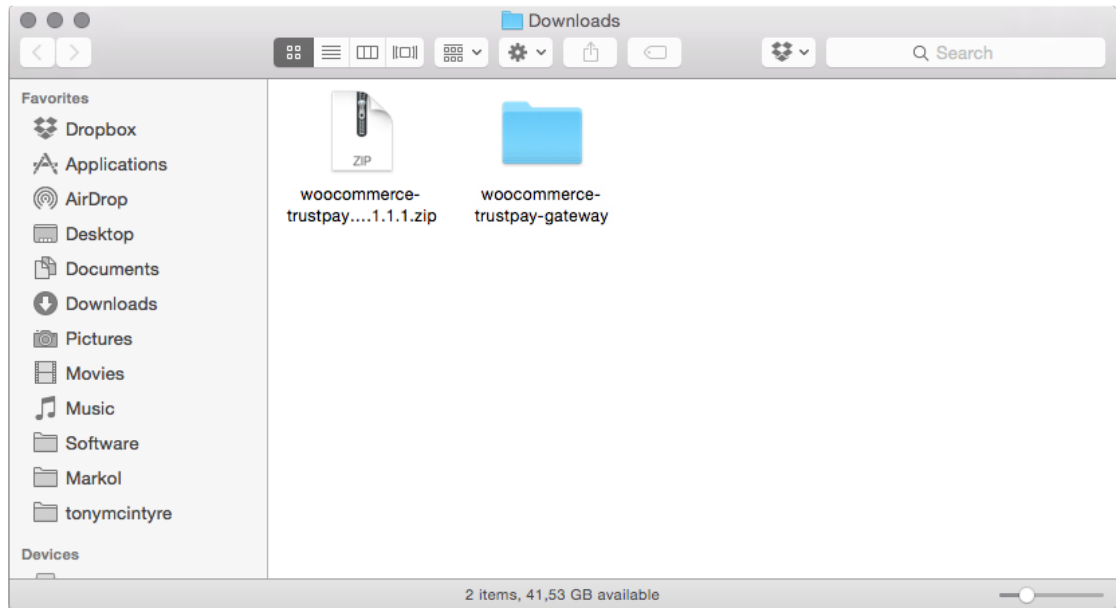

5. Click Install Now button, and then Activate Plugin.

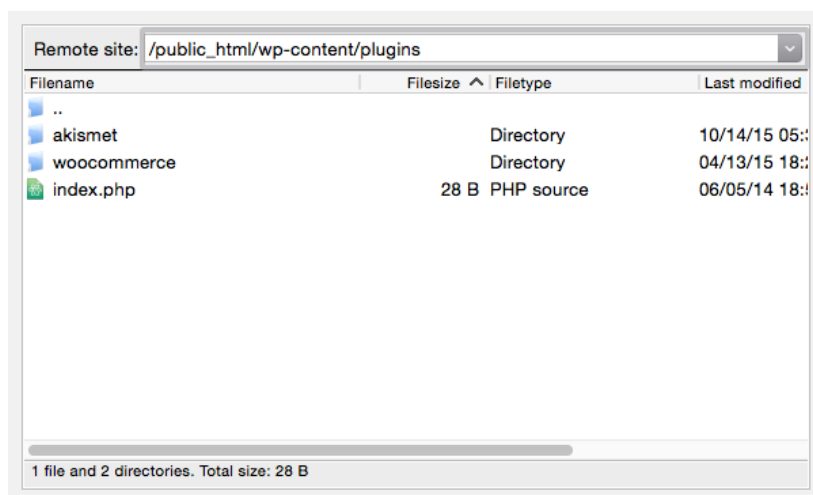

Installing plugin using FTP/sFTP

1. Download WooCommerce TrustPay Gateway plugin from WordPress.org (<https://wordpress.org/plugins/woocommerce-trustpay-gateway/installation/>)

2. Extract zip file you have downloaded. You should now have folder woocommerce-trustpay-gateway.

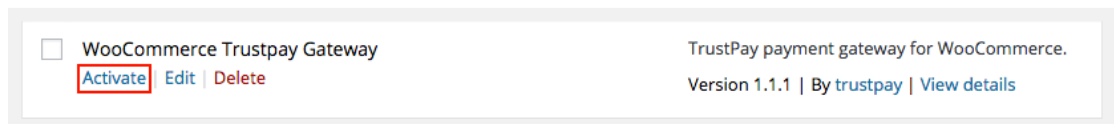

3. Open your favorite FTP/sFTP client. Ex: FileZilla
4. Connect your server and then navigate to wp-content/plugins directory.

5. Copy extracted folder (from step 2) with all its contents. Once uploaded your wp-content/plugins directory listing should look like this:

6. Login into your WordPress dashboard (<http://yourdomain.com/wp-admin/>)
7. From admin dashboard select Plugins -> Installed Plugins.
8. Find WooCommerce Trustpay Gateway in the list and click on Activate link.

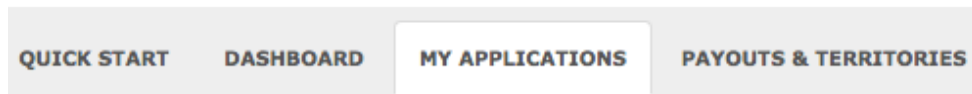

Configuring WooCommerce Trustpay Gateway

Before you continue, login into TrustPay.biz (<https://my.trustpay.biz/en>). If you haven't yet signed up yet contact staff at info@trustpay.biz.

1. Login into your WordPress dashboard (<http://yourdomain.com/wp-admin/>).
2. From dashboard menu open WooCommerce -> Settings.
3. Click on Checkout tab.
4. Scroll down until you see section Payment Gateways and Gateway Display Order (as below).

Default	Gateway	Gateway ID	Status	
☐	Direct Bank Transfer	bacs	✓	Settings
☐	Cheque Payment	cheque	-	Settings
☐	Cash on Delivery	cod	-	Settings
☐	PayPal	paypal	-	Settings
☐	Credit card	simplify_commerce	-	Settings
☒	Trustpay	trustpay	✓	Settings

5. Click Settings button for Trustpay Gateway.
6. On Trustpay dashboard page click MY APPLICATIONS (The page you opened before starting these steps).

7. Create New Application.
8. You will be prompted with Register New Application form.

Register New Application

Publisher Details

Publisher Name

Application Details

Application Name

Notification URL

URL to which notifications associated with your application will be sent to.
